II. Basis for Jurisdiction

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation and the amount at stake is more than \$75,000 is a diversity of citizenship case. In a diversity of citizenship case, no defendant may be a citizen of the same State as any plaintiff.

Statement of claim ①

denying my freedom of speech to establish religion and petition the government for a redress of grievances twice at superior court, I read the US code for treason and the Judge threatened me with prison and kicked me out of the court room after stating that he knows the constitution and will not hear me out.

mental institutions are depriving people that are labeled as emotionally disturbed and mentally ill from fresh air, loved ones, freedom and rights to refuse drugs that not only lower chemicals in your brain that are responsible for joy but also violently force them on us and isolate us in cold rooms and restraints

②

Rhode island housing is discriminating against me, discouraging me from the hope of obtaining the housing and also they are harrasing me without cause to prohibit me access to it after refusing to allow my mother the right not to have her ex bffs name on the lease when renewing it!

the United states government is funding war and taxing US to pay cops to harrass kidnap kill and arrest people who profit off natural growing from the earth medicines but fentanyl is made by the government and is flooded in the streets killing everyone so because it not natural or from the earth, it can only come from the ones who made it which is the government

(3)

but were the ones getting arrested for it and the government shall not convert a Liberty into a right enforce a Licence and charge a Fee for it yet were being killed and arrested for exercising our rights to carry guns w/o a Licence. Not only that but there is no food growing naturally anywhere and we are being taxed for food necessities while drinkable rivers are not being funded.

the state of RI is targeting people on probation, assaulting them and then charging them with resisting unlawful arrests and assault even though we were assaulted and did not resist or assault anyway because we are guilty of violation no matter

(4)

What were charged
with weather we did it
or not.

the ACI provides ^{unlawful} drugs made
by governments and denies
medical grievances when
blood clot emergencies are
neglected.
